

**LithosAI**

# The **Forged** Agent Serving Infra.

**Fast. Durable. Continuously Improving. Long-horizon production agents**

# Serving Large-scale Long-Horizon Agents

Agents that run for hours, survive failures, and improve from production traces.

01

## Durable Agentic nanoVMs

Pause, resume, and checkpoint in microseconds.

Run long-horizon agents without losing state.

02

## Model-agent orchestration

Turn long horizon agentic runs from days to hours.

Enable the fastest agent serving on the planet.

03

## Continuous learning

Extract signal from every production trace.

Improve agents automatically and continuously

**LithosAI**

**We're hiring.**

Let's build the future of agent serving together.
