Modern Trading Systems Are "Secretly" Machine Learning Systems!

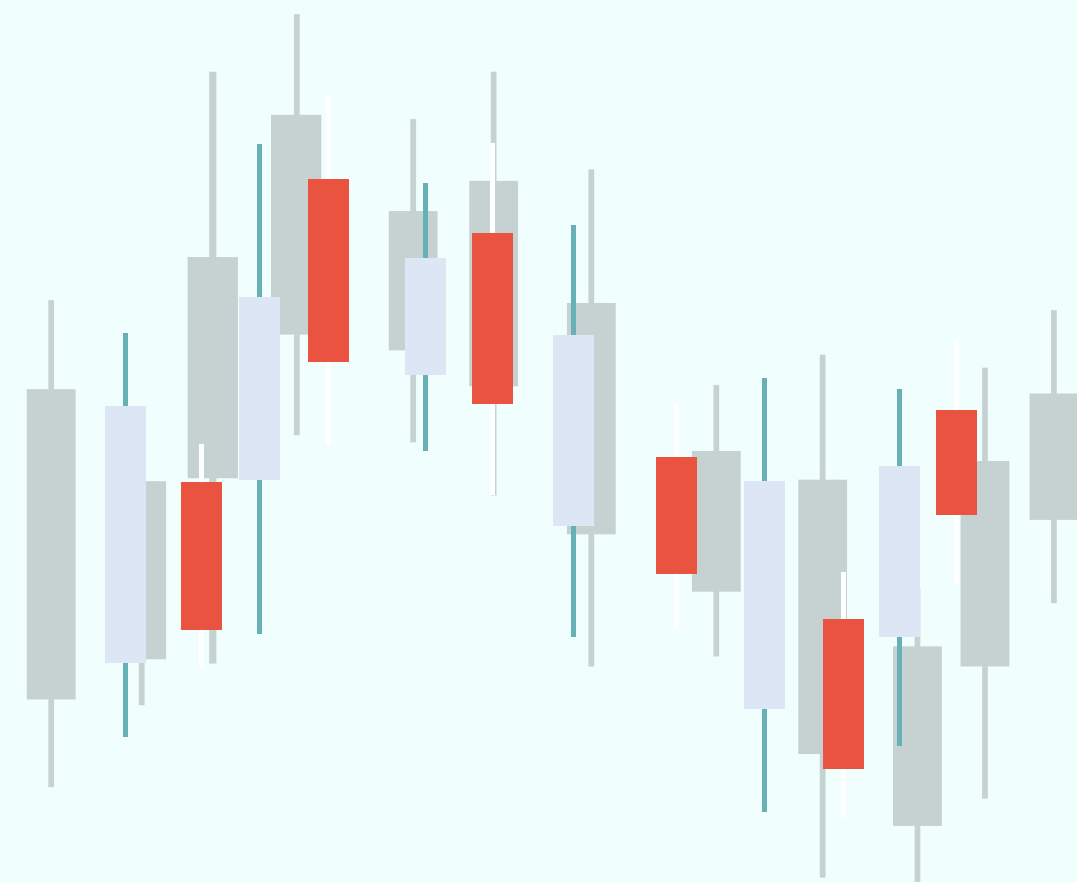

Susquehanna @ MLSys'26

Susquehanna is a global quantitative trading firm powered by scientific rigor, curiosity, and innovation

Our Culture: Games and Puzzles

- Founded in 1987 with ❤️ of games
- We **WIN** games: Chess GMs, WSOP bracelets, IMO/IOI/IPhO medalists
- We **SOLVE** puzzles, **in collaborations** mathematicians, physicists, computer scientists and engineers.

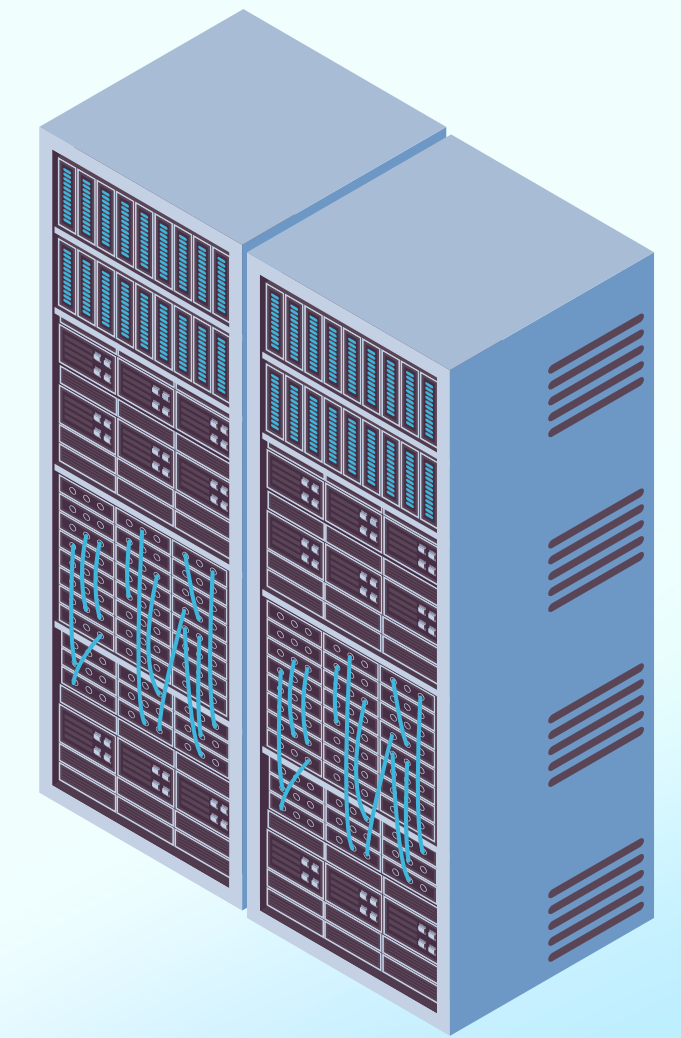

Core Business: Global Quantitative Trading

- 17+ global offices, 3500+ employees
- We are almost **always trading**: options, ETFs, equities, commodities, FX, crypto, energy, prediction markets...
- One of the most significant liquidity providers across global markets

Continuous Innovation: Frontier AI/ML Research

- Cutting-edge deep learning research powered by **best-in-class data, infrastructure, and talent.**
- We train various NN models with a strong focus on **efficiency** and **scalability.**

Curious How Trading Systems Became ML Systems?
